# Connecting in Love

16<sup>TH</sup>–18<sup>TH</sup> SEPTEMBER 2022 | SEMINARHOF SCHOEPPINGEN

„HUMAN AWARENESS INSTITUTE (HAI)“  
LEVEL 1 WORKSHOP

HAI workshops offer you the opportunity to

- create close and loving connections with yourself and others
- lovingly embrace your sexuality and discover your passion for living a fulfilled life
- respect and appreciate yourself and others
- trust your instincts and become more aware of your feelings
- learn to make better decisions for yourself and communicate them clearly in a safe and supportive environment
- become clear about when you're a "Yes" or a "No"
- overcome any barriers standing between you and love and connection

HAI workshops offer a wide range of mindful exercises to practise communication and experience physical touch. We aim to balance the numbers of male and female participants, singles and couples. Participants of all ages and sexual orientations (LGTBQI) are welcome!

The workshop will be led by 2 HAI facilitators (m&f) from the US. All our workshops are fully bilingual German and English. We emphasise the importance of respectful interaction and our large team is at hand to ensure that all participants feel supported and respected at all times. 'Consent' is at the core of our values.

Our venue is situated in beautiful rural countryside 40km west of Muenster/Westfalen.
